

Butler Ride Requirements

Prior to purchasing Advance Sale Ride Credentials or tickets, customers should be aware of the following information:

No casts, expectant mothers, nor intoxicated individuals are allowed on rides.

Each ride has posted height limit requirements. For individual riders on some rides, riders who might not meet height requirements may be able to ride with another rider. The requirements are posted at the entrance of each ride and on our Carnival ticket boxes.

Be aware that in addition to the height requirements on each ride, in some cases there may be other restrictions. Specifically the seat molds and the over the shoulder harnesses dictate who the ride can comfortably accommodate.

All riders must have either a ride wristband (if available) or carnival tickets (sold on-site only). Rides require 3-5 tickets each.

Infants are not allowed to ride carnival rides.

It is not the policy of Butler Amusements, Inc. to give refunds, however Advance Sale Ride Credentials never expire and can be redeemed as long as Butler Amusements provides the carnival for the event you are attending.

If an unlimited ride credential is purchased for a patron who is not at least 42" tall, it may not be a good value.
