Check should be made out to FSMG. Credit Card payment accepted at the fairgrounds office. Do not call for an exhibitor number.

** Please notify the Superintendent via email to daniellegetz15@gmail.com of your entry and stall request to avoid unexpected entries that result in last minute stall changes. Ok to call, text, or email Supt or Asst. Supt.

STALLS:

Stall assignments will be made based on seniority of participation at the Fair. Requests for specific stalls at the time of registration are encouraged but not guaranteed. Prior 4-H stall assignments may or may not be available for open class participants. Stalls should be decorated with farm sign/banners; and stall cards for each animal with picture, age/birth date, sex and clarify if llama or alpaca. It is also encouraged that you make an effort to decorate within the specific theme of the Fair for the year. A minimum of two (2) animals per stall except for intact males will be followed. Based on availability, a maximum of two (2) stalls per exhibitor if individual and four (4) stalls per farm will be granted. Effort will be made to use the same stall layout as during the 4-H portion though some changes may be necessary. These will be made as late as Tuesday evening at haul-in. Stalls are assigned by the Superintendent and may not be changed without prior approval from the Superintendent.

All classes will be held in the Llama Greenway area beginning at 9:00 a.m. on Wednesday, August 10.

SPECIFIC RULES:

Exhibitors must read the General Rules document that also contains the **General Animal Health Requirements**, available on the Fair's website.

Llamas/Alpacas must be in place by Wednesday, August 10 at 9 AM. There is a limit of two (2) entries per animal in a division except for Showmanship. If the same animal is entered twice in the same division it must be two (2) different age divisions. (Example: if 'Adult exhibitor A' shows 'Llama A' in Trail, 'Youth exhibitor A' can also show 'Llama A' in Trail, but 'Adult exhibitor B' cannot). The superintendent reserves the right to combine, change or cancel classes. All display structures must be pre-approved by Superintendent and/or Fair Manager, depending on size and content. There can be no substitute animals without prior approval. Classes are based on the age and experience of the exhibitors and/or animal. Exhibitors must supply their own water buckets, hay bag/bucket and stall cleaning tools. Local hay will be supplied by the Clark County Fair. Shoes should be appropriate for the show ring (open toed shoes, sandals and bare feet will disqualify the exhibitor).

In all classes, all animals shall be presented for judging with a halter and lead rope with minimal adornments or decorations. There shall be no ranch, personal, animal, organizational name, logo or insignia displayed on the exhibitor or animal during any class.

The Superintendents may dismiss an exhibitor and/or their animal from participation in the show if the exhibitor mistreats their animal, or if their animal exhibits unruly or unsafe behavior. For safety reasons, it is recommended that youth under the age of 12 not show intact males over the age of 24 months. Exhibitors are limited to those who entered on an animal entry form by the deadline. There will be no substitute exhibitors without Superintendent approval, and only from those exhibitors who entered timely.

No age or experience limitations. This is a timed event so some degree of coordination is recommended, and very young exhibitors/animals may have difficulty.
